

## **FEB DARK MOON ESBAT**

The February new moon occurs in air sign Aquarius, and we can pursue opportunities to be more independent, to do things in new ways, to think outside of the box, and to make changes. It's all about change at this point in 2021, and we can feel motivated to take action with them. We just need to make sure we're smart about them!

**HP/HPS:** We are gathered here in recognition of the dark, to celebrate the dark mother, the crone of time, grandmother of us all!

All ears hear! The circle is about to be cast, let none be present but of their own free will! Be it known that we are in the presence of the dark Goddess.

**HPS** circling deosil with the salt, casts the first circle saying: I cast the circle thus! With salt; deep from the womb of the Mother! From oceans deep and cold I consecrate this space! So mote it be!

**HP** circling deosil with water saying: I cast the circle thus! With water, ancient and old; with the life blood of the world, I consecrate this space! So mote it be!

**HPS** circling deosil with censor saying: I cast the circle thus! With fire and [air clean](#) and hot, I consecrate this space! So mote it be!

**HPS:** And ever it was thus!

**ALL:** So mote it be!

Calling of the quarters:

**EAST:** Ancient one of elemental air, I call and summon thee by name!  
Raphael of the wide ranging air!  
Sylph of the endless skies we bid you come! Stand in our presence and guard this circle cast.

**ALL:** So mote it be!

**SOUTH:** Ancient one of elemental fire, I call and summon thee by name!  
Michael of flickering flame!  
Salamander of scorchy fire! We bid you come stand in our presence and guard this circle cast.

**ALL:** So mote it be!

**WEST:** Ancient one of elemental water, I call and summon thee by name! Gabriel of oceans and streams!  
Undine of pools and ponds, we bid you come stand in our presence and guard this circle cast.

**ALL:** So mote it be!
